

Algorithm and Pseudocode

Bruno C. Messias

1 Introduction

Creating Pseudocode L^AT_EX

1.1 My Algorithm

```
if  $learn \geq sortf$  then
     $okay \leftarrow true$ 
else
    while ! $okay$  do
        repeat course
    end while
end if
```

2 Conclusion

Theres more to learn.
