

# Math Symbols

Bruno C. Messias

## 1 Introduction

This document include some math.

### 1.1 MATH Formulas

Can be created inline  $5 * 2 = 10$ , and can include Symbols such  $\ll$  in snippets panel.

I can use in separate environment. As

$$5^2 = 25$$

to call the Formula.

### 1.2 Float: Equations

My first equation result in 1 it shows minutes.

$$24 * 60 = 1,140 \tag{1}$$

There a lot of interesting symbols. Like in the Equations 2.

$$nonsense \rightarrow \beta \tag{2}$$

### 1.3

## 2 Conclusion
